NOTARY PUBLIC

**GEORGIA DEPARTMENT OF REVENUE  
LOCAL GOVERNMENT SERVICES DIVISION**

**INSTRUCTIONS FOR THE COMPLETION OF FORM PT-900PU**

1. Fill in both sides of the information block with the requested information.
2. Fill in the total **Georgia Fair Market Value** of Flight Equipment being returned. This should equal the total of all entries on Form PT-902's - Column 09.
3. **Sign** the form, fill in the title of the person signing, and have the form **notarized**.

**GEORGIA DEPARTMENT OF REVENUE  
LOCAL GOVERNMENT SERVICES DIVISION**

**INSTRUCTIONS FOR COMPLETION OF FORM PT-901**

Fill in the company's name and the year of the return on the top part of the form.

- Column 1: Identify each aircraft (leased or owned) by make and series number (i.e. B727-200 ADV, not B 727). Only one plane should be entered on each line and the planes should be grouped by make and series.
- Column 2: Enter the aircraft's N-number.
- Column 3: Enter the year the aircraft was built.
- Column 4: Enter the engine type on the aircraft (i.e. CF6-80A1, JT9D-7R, etc.)
- Column 5: Indicate the aircraft's use. Use the first letter of the applicable word to indicate the aircraft's use (**C** for cargo, **F** for freight, **P** for passenger).
- Column 6: Indicate the type of aircraft possession. Use the first letter of the applicable type of possession (**O** for owned, **L** for leased).
- Column 7: Enter the year the aircraft was acquired by the current owner.
- Column 8: If leased, indicate the type of lease (wet or dry).
- Column 9: If leased, enter the month and year the lease began.
- Column 10: If leased, enter the amount of the monthly lease payment.
- Column 11: If leased, enter the month and year the lease expires.
- Column 12: Enter the cost to the current owner at acquisition.
- Column 13: Enter the total of all capital expenditures made to the aircraft by the Current owner or lessee.
- Column 14: Enter the returned value. Georgia law requires all property to be returned at its Fair Market Value (O.C.G.A. 48-5-6).

**GEORGIA DEPARTMENT OF REVENUE  
LOCAL GOVERNMENT SERVICES DIVISION**

**INSTRUCTIONS FOR COMPLETION OF FORM PT-902PU**

**COMPLETE A SEPARATE FORM PT-902 FOR EACH COUNTY IN WHICH YOUR COMPANY OPERATED.**

Use a **separate line** for **each fleet** (same make and series) of aircraft.

Fill in the company's name, year of the return, and the county name on the top part of the form. *The company number blank is for the Department of Revenue's use only.*

Column 1: Enter the name of the taxing district where the fleet was operated.

Column 2: Department of Revenue use only. Please leave blank.

Column 3: Enter the make and series of the fleet of aircraft. Please do not combine aircraft fleets (different make or series) on the same line. Valuations can vary. (The highest value will be used for combined aircraft fleets.)

Column 4: Enter the average value per plane of the fleet. (Total value of the fleet, divided by the number of aircraft in the fleet.)

Column 5: Enter the number of aircraft in the fleet.

Column 6: Enter the system plane hours for the fleet.

Column 7: Enter the Georgia plane hours for the fleet.

Column 8: Enter the taxing district plane hours for the fleet. (Note: The total district hours must equal the total Georgia hours.)

Column 9: Compute the taxing district market value by the following formula:

Multiply Column 4 times Column 5, then multiply the total  
times the total of Column 8 divided by Column 6.  
(Col 4 x Col 5) x (Col 8/ Col 6 )

## AIRPORTS IN GEORGIA

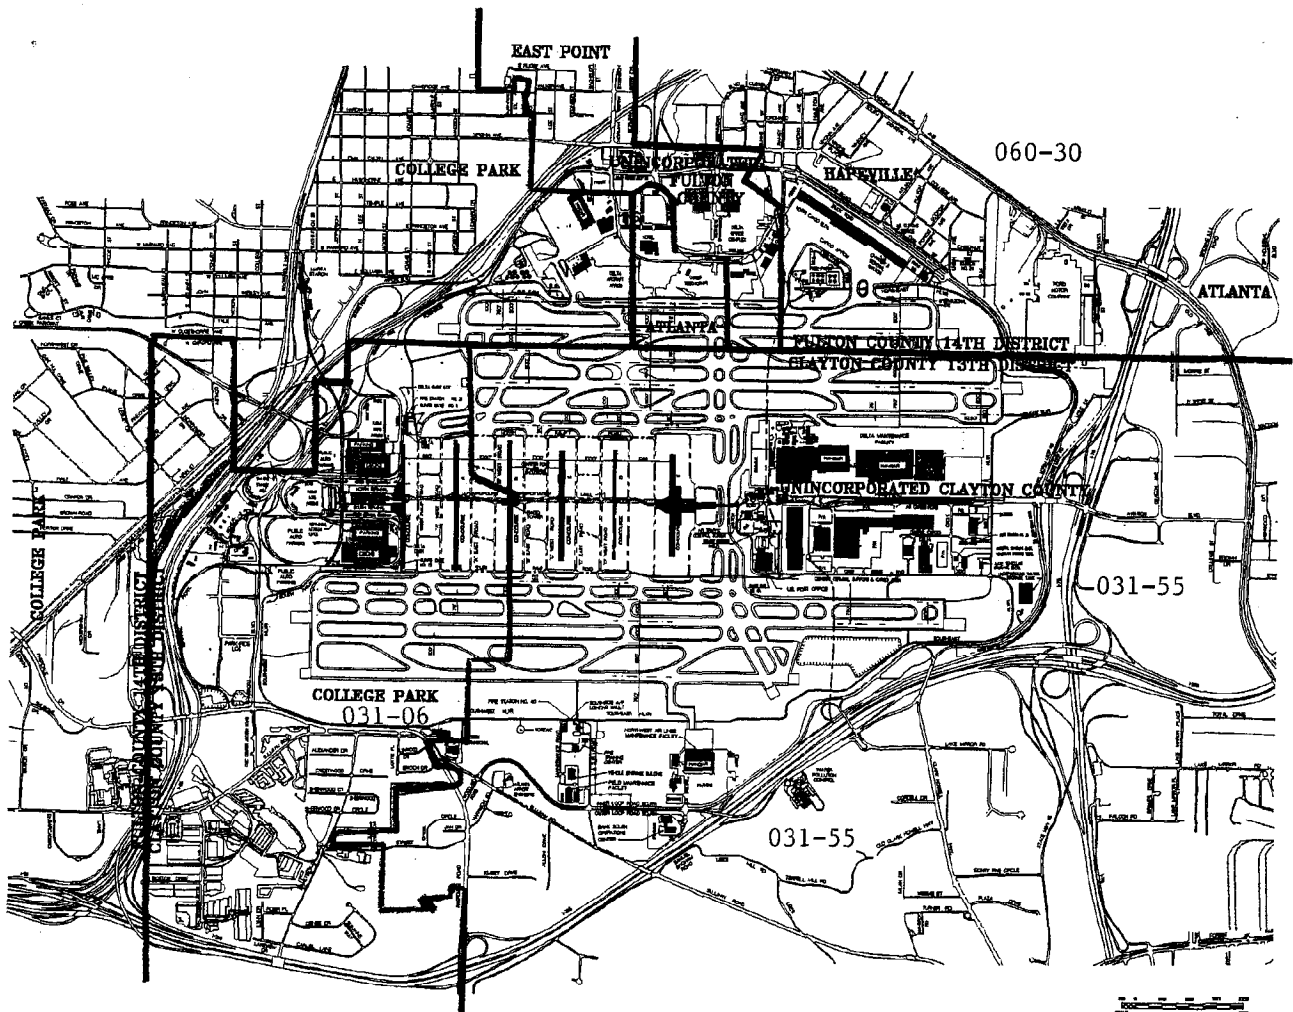

The following is a listing of the major airports in Georgia by city. For each model or type of aircraft that lands in any city listed, you are to apportion a part of that fleet's value to the county and taxing district indicated.

CITY/AIRPORT	COUNTY	TAXING DISTRICT
Albany	Dougherty	City of Albany
Athens	Clarke	Unincorporated
	Clarke	Unincorporated W/O Fire
Atlanta (Hartsfield Int'l)	Clayton	City of College Park
	Clayton	Unincorporated W/O Fire
	Fulton	City of Atlanta
	Fulton	City of College Park
	Fulton	City of East Point
	Fulton	City of Hapeville
Augusta	Richmond	City of Augusta (Outside Redevelopment Authority)
Brunswick	Glynn	Unincorporated Urban Fire Ex Sea Island
Columbus	Muscogee	Columbus USD1
Lawson Air Force Base	Chattahoochee	Unincorporated
Macon	Bibb	Unincorporated
Moultrie	Colquitt	City of Moultrie
Rome	Floyd	Unincorporated
Savannah	Chatham	City of Savannah
Swainsboro	Emanuel	Unincorporated
Valdosta	Lowndes	City of Valdosta

If you operate aircraft at any location in Georgia not listed above, please contact the Public Utilities Section at (404) 968-0750 for the correct taxing district.

## NOTES FOR ATLANTA AIRPORT TAXING JURISDICTIONS

1. The main passenger terminal is located in Clayton County. All of Concourse A, part of Concourse B and all of Concourse T are located in the City of College Park. The taxing jurisdiction code to be used for these concourses is 031-06. Part of Concourse B, and all of Concourses C, D, and E are located in Clayton County Unincorporated W/O Fire. The taxing jurisdiction code to be used is 031-55.
2. The main air cargo terminal is located in Fulton County, City of Hapeville. The taxing jurisdiction code to be used is 060-30. The South Cargo Complex is located in Clayton County Unincorporated W/O Fire. The taxing jurisdiction code to be used is 031-55.
3. See the map below to determine the correct taxing district for the various maintenance facilities.
4. If you have difficulty determining which taxing districts you are in, please contact the Atlanta Airport Administration Office at 404-530-6600.

## **STATUTORY DEFINITIONS**

<b>Airline Company -</b>	means any person who undertakes, directly or indirectly, to engage in the <b>scheduled</b> transportation by aircraft of persons or property for hire in intrastate, interstate, or international transportation. (O.C.G.A. 48-I-2 (3))
<b>Fair Market Value - of property</b>	means the amount a knowledgeable buyer would pay for the property, and a willing seller would accept for the property at an arm's length, bona fide sale. (O.C.G.A 48-5-2 (1))
<b>Operated -</b>	<b>operating</b> , or <b>operation</b> means landings or takeoffs of aircraft by any airline company. (O.C.G.A. 48-5-540 (1))
<b>Plane hours -</b>	means for each type and model of aircraft, <b>all</b> hours in <b>flight</b> and <b>all</b> hours on the <b>ground</b> including, but not limited to, ground and air time associated with overhaul, maintenance, flight testing and training. (O.C.G.A 48-5-540 (2))

---

## **OVERVIEW OF VALUATION AND APPORTIONMENT METHODOLOGY**

For each type or model of aircraft operated in Georgia:

1. The total value for the fleet of that particular type or model of aircraft is determined based on fair market value.
2. A portion of the total value for the fleet is apportioned to Georgia and to the taxing jurisdictions within Georgia based on plane hours.
  - For flights between a city in Georgia and a city **outside** of Georgia, Georgia plane hours and the Georgia city's plane hours start and stop when the aircraft crosses the Georgia state line.
  - For flights between cities **within** Georgia, the flight plane hours are all attributed to Georgia and are divided equally between the two cities.
  - All ground time plane hours are attributed to the actual location.
